Sweden's Top Ranked Mentor Program & Business Network Where Generations Meet

MENTORSHIP

For the past 12 years we have gathered Sweden's leading mentors to inspire and coach our future leaders and key specialists. Throughout the years we have matched over 2 000 mentor pairs and have gained an expertise within mentorship. We are now looking for new mentees for Novare's Mentor Program 2020. Are you the one we are looking for?

NOVARE WAS FOUNDED 2001 BY INVESTOR AB. At Novare Leadership Academy, a part of the Novare Group, we run high-quality programs and business networks with a focus on leadership development and new perspectives for the future.

IN THIS MENTOR PROGRAM THE NEW GENERATION LEADERS meet senior decision makers. Our ambition is to create leaders with a new way of thinking to shape a competitive Swedish business environment in a global market. This unique mentor program is tailored for emerging leaders with high ambitions and potential. You receive a mentorship, access to a diverse business network, and the chance to grow as a leader.

OUR TAILORED MATCHING PROCESS WITH A MENTOR is based on your goals, challenges and ambitions for the future. Through out the year, you will meet with your mentor and together you set your goals for the mentorship. You are also a part of a squad team with other mentees who want to discuss similar questions. We create a unique platform for you to expand your business network and invite you to interactive program workshops.

YOUR INVESTMENT is 49 000 SEK (ex. VAT), which includes a tailored mentorship, program workshops and a membership in Novare's Alumni Network.

ARE YOU THE ONE WE ARE LOOKING FOR? Send your application to mentor@novare.se before March 31, 2020. Send us your contact information and a short statement with why you want to join the program. We will contact you with more information about the application process. The program starts on April 20, 2020 at Grand Hôtel in Stockholm.

MENTOR NETWORK

During four interactive program workshops you will have the opportunity to expand your business network and take part of the the most relevant questions in business world and community. We invite Sweden's top leaders to discuss how we can approach the future leadership and work environment.

MENTORSHIP OF THE FUTURE

We share our tools and give you the inspiration for a successful and progressive mentorship. You will be able to challenge your questions and goals for the program. We also discuss reversed mentorship and how we can use the expertise, experience and perspectives that different generations can contribute to each other. You receive valuable insights on how you can lead different generations today and in the future.

MENTEES & MENTORS

LEADERSHIP OF THE FUTURE

MENTEES & MENTORS

We invite some of Sweden's most influential leaders and organizations for an interactive workshop with focus on future leadership. We discuss which values and routines that form today's organizations and how we approach them in the best way. You will discover how you can make a difference in your leadership and be inspired with new ideas to incorporate in your dialouge with your mentor.

SUSTAINABLE INNOVATION

We open our perspective to understand how we should navigate as leaders in a future organization. Which trends affect us? What is the new way of working and how can our organization develop our sustainable innovation? Innovative companies and leaders are there to guide us in these questions. You are a part of the discussion and will collect many new ideas to bring back to your organization and team.

MENTEES & MENTORS

YOUR SUSTAINABLE CARRER

MENTEES

A meet-up for meentes only, where you get the chance to have closer contact with the other participants in the program. We discuss the best way for you to get a sustainable career. As a high achiever, how do you build successful teams? You will be advised in smart leadership based on your values and strenghts.
